

BOLL LAMBSWOOL BONNET

The polishing fur is used to polish all lacquered surfaces with cosmetic substances. Natural sheep fur prevents surfaces from overheating. It removes old dirt and oxidised lacquer from deep scratches and cracks. It restores natural colour and gloss of lacquered surfaces. It is suitable for all types of lacquers.

Diameter: 150 mm, 180 mm

Comments:

All technical specifications are approximate. We recommend to test the material to make sure it is appropriate for the specific application. The producer reserves the right to improve the product and change its technical properties, including modifications to the specification.
