

**COPPER GREASE - SPRAY**

EAN code: 5907588402828 item no.: 001038 cap. 400ml

**PROPERTIES**

Copper Spray is a high-temperature grease with copper additive, which, by forming a protective layer, reduces friction of metal parts, protects bearings, corroded nuts and bolts, and prevents seizing even in extreme conditions. Resistant to water even at very high temperatures.

**COLOUR**

copper

**METHOD OF USE**

Application range from -40 ° C to + 1100 ° C. Before use, shake the container well for about 3 minutes. Apply the product from a distance of approx. 5-10 cm.

**NOTES**

**This product is not designed for ABS brakes.**

**APPLICATION**

Mix thoroughly

Apply from a distance of approx. 5-10 cm

**PHYSICAL PROPERTIES**

physical state:	aerosol
density at 20°C:	0,714 g/cm <sup>3</sup>

## STORAGE CONDITIONS

Protect the product from excessive heat and cold. Avoid direct exposure to sunlight. Store in a dry place.

## SHELF LIFE

24 months from the date of production placed on the package.

## SAFETY

See Safety Data Sheet.

## OTHER INFORMATION

All technical data are approximate values. We advise you to test the material to ensure suitability for your specific application. The producer reserves the right to improve the product and change the technical conditions with the possibility of making changes inside the specification.
