

PAINT REMOVER

EAN code: 5907588402927 item no.: 001402 cap. 400ml

+ PROPERTIES

Paint remover is a high quality remover that dissolves paint allowing it to be easily removed from the desired body part. It works by effectively and quickly penetrating the coating and weakening the bonds between the coating and the surface. It is also perfect for removing varnish from wood, glass, brick, etc.

••• COLOUR white**↪** METHOD OF USE

Protect adjacent surfaces from contact with the agent. Shake the container for about 3 minutes before use. Apply the remover thoroughly from a distance of about 25-30 cm and wait 20-30 minutes. Remove any remaining paint with a spatula. After use, invert the container and spray until the valve is empty.

☰ NOTES

In the case of plastic parts, a test should be carried out on an inconspicuous area beforehand.
