

RUST REMOVER RUST SHOCK SPRAY

EAN code: 5907588405027 item no.: 0010266 cap. 400ml

PROPERTIES

RUST SHOCK Rust Remover is a special agent which makes removing rusted nuts and bolts, spark plugs, etc. easier. As a result of immediate cooling of the surface to -40°C it creates micro-cracks in the rust structure formed on the metal surface. It contains high grade mineral oil with an addition of graphite with excellent penetrating properties, which makes the surface lubricated and protected against mechanical and atmospheric factors. Thanks to its properties, this agent cleans and preserves chains, brake systems, makes it difficult for rust to form again. It works quickly and effectively.

COLOUR

colorless

METHOD OF USE

Shake the container well for about 3 minutes before use. Remove larger patches of rust and dirt where possible. Apply the product to the surface or rusted part. After 2-3 minutes from the agent reaching the rusted part, remove the remaining rust and dirt, then unscrew the rusted part.

APPLICATION

Remove larger patches of rust and dirt

Mix thoroughly

Apply to the rusted part

After 2-3 minutes, remove the residue and then unscrew the rusted part

After use, invert the container and spray until the valve is empty

PHYSICAL PROPERTIES

physical state: aerosol
density at 20°C: 0,597 g/cm³

STORAGE CONDITIONS

Protect the product from excessive heat and cold. Avoid direct exposure to sunlight. Store in a dry place.

SHELF LIFE

24 months from the date of production placed on the package.

SAFETY

See Safety Data Sheet.
