

TECHNICAL DATA SHEET

RUST REMOVER RUST SHOCK SPRAY

EAN code: 5907588405027 item no.: 0010266 cap. 400ml

+ PROPERTIES

RUST SHOCK rust remover is a special agent that facilitates unscrewing of rusted screws and nuts, spark plugs, etc. As a result of immediate cooling of the surface to -40°C, it creates micro-cracks in the rust structure formed on the metal surface. The high-grade mineral oil it contains, with the addition of graphite with excellent penetrating properties, makes the surface lubricated and protected from mechanical and atmospheric influences. Thanks to its properties, the agent cleans and preserves chains, brake systems, hinders the re-formation of rust. It works quickly and effectively.

• COLOUR

 black

☰ INFORMATION

Apply to the rusted part. After 2 – 3 minutes remove the residue, then unscrew the rusted part.

/// APPLICATION

Mix thoroughly

Wide spray coverage

Precise spot application

+ PHYSICAL PROPERTIES

Physical state:	aerosol
Temperature of use:	+10°C – +35°C

**STORAGE**

Protect the product from excessive low and high temperatures. Avoid direct exposure to sunlight. Store in dry places.

**SHELF LIFE**

Two years from the production date placed on the package.

**SAFETY**

See Safety Data Sheet.

**OTHER INFORMATION**

All technical data are approximate values. We advise you to test the material to ensure its suitability for a specific application. The producer reserves the right to improve the product and change the technical conditions with the possibility of making changes inside the specifications.
