

TECHNICAL DATA SHEET

POLISHING PASTE B100 – ONE STEP

EAN code: 5907588405256 item no.: 003500 cap. 250ml

EAN code: 5907588405263 item no.: 003501 cap. 500ml

+ PROPERTIES

Polishing Paste B100 is a top quality product for polishing various types of surfaces. Thanks to its formula can be used as a treatment product is one that ensures complete removal of deep scratches and achieve a very high gloss. Suitable for all types of both fresh and old paint.

- **Cutting force:** 8/10
- **Gloss level:** 6/10

• COLOUR

white

⤿ METHOD OF USE

Apply a small amount of paste to a properly selected polishing sponge attached to the polishing device. Then, using the sponge, spread the paste on a part of the component in question and start polishing starting from the lowest speed. Gradually you can increase the speed of the polishing machine, remembering not to exceed 2,000 rpm. This product can also be used with manual application. The best effect can be obtained after prior application of BOLL B200 paste.
