

TECHNICAL DATA SHEET

DPF CLEANER SPRAY

EAN code: 5907588405492 item no.: 00140198 cap. 400ml

+ PROPERTIES

A product for non-invasive cleaning and regenerating of the DPF (Diesel Particulate Filter) without the need for removal. Its formula dissolves carbon deposits and helps remove them with exhaust fumes from the vehicle's exhaust system. It can be used in all types of diesel engines, improving engine performance and extending the filter's lifespan. The product evaporates after use, leaving no residue.

• COLOUR

 yellowish

☰ INFORMATION

Use only on a switched off and cooled engine.

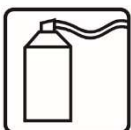

☞ METHOD OF USE

Before application, the temperature or pressure sensor on the engine side of the DPF should be removed from the DPF, where the agent will be introduced using the special nozzle provided. After the application is completed, an approximate 20-minute test drive is recommended to volatilize the product.

/// APPLICATION

Mix thoroughly

Apply in batches of 5 seconds at a time to various locations directly on the DPF until the can is completely empty

PHYSICAL PROPERTIES

Physical state:
Temperature of use:

aerosol
+5°C – +30°C

STORAGE

Protect the product from excessive low and high temperatures. Avoid direct exposure to sunlight. Store in dry places.

SHELF LIFE

Two years from the production date placed on the package.

SAFETY

See Safety Data Sheet.

OTHER INFORMATION

All technical data are approximate values. We advise you to test the material to ensure its suitability for a specific application. The producer reserves the right to improve the product and change the technical conditions with the possibility of making changes inside the specifications.
