

TECHNICAL DATA SHEET SILICON SPRAY

EAN code: 5907588402576 item no.: 001022 cap. 200ml
EAN code: 5907588460033 item no.: 001023 cap. 400ml

+ PROPERTIES

Silicon is used for lubricating door locks, rubber seals, chains, hinges, etc. It is excellent for protecting rubber parts from drying out, freezing, and sticking together. It makes these parts flexible. It is resistant to high and low temperatures as well as water.

COLOUR

colourless

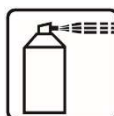

APPLICATION

Thoroughly clean and degrease the surface with BOLL Silicon remover

Mix thoroughly

Apply a thin layer of silicone. For hard to reach places - use a spray tube.
 During frosty weather, thoroughly spray the rubber seals of the doors, trunk and hood before each car wash.

After use, turn the container over and spray until the valve is empty

+ PHYSICAL PROPERTIES

Physical state: aerosol
 Temperature of application: +10°C – +35°C

STORAGE

Protect the product from excessive low and high temperatures. Avoid direct exposure to sunlight. Store in dry places.

SHELF LIFE

Two years from the production date placed on the package.

SAFETY

See Safety Data Sheet.

OTHER INFORMATION

All technical data are approximate values. We advise you to test the material to ensure its suitability for a specific application. The producer reserves the right to improve the product and change the technical conditions with the possibility of making changes inside the specifications.
